

Plane Sense

Mechanics and pilots are invited to join this presentation and discuss the proper way to have assurance that every flight is done in an airworthy aircraft. It certainly takes cooperation of both! This program has been developed by the FAA Safety Team to review requirements an aircraft operator must know to make an informed decision about the airworthiness of an aircraft.

Directions: Drive in: I-20 to exit 11, south on US 27, turn on Bowdon Junction Rd, turn on Regional Airport Rd. Parking is at end of this road between FBO and EAA Learning Center. Fly in KCTJ: Park on the ramp in front of FBO. Fuel is available, 100LL self serve.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants.
